

TROFEOS

2025/26

TROPHIES

DISEÑA TU PROPIO TROFEO

Dado que todo nuestro trabajo se crea desde cero según las especificaciones de nuestros clientes, tenemos la flexibilidad de adaptar los materiales y métodos que utilizamos desde el principio. No importa si tiene un pequeño evento local o un gran programa de premios nacionales con destinatarios de todo el mundo.

Trabajaremos con usted para garantizar un resultado verdaderamente único que se adapte a su presupuesto y requisitos de envío.

Desde la creación de los bocetos del concepto inicial hasta los dibujos de desarrollo y documentación final, el cliente siempre forma parte del proceso de diseño para asegurarse de que es exactamente lo que está buscando. Una vez que se aprueba el diseño, se pasa a producción.

Trabajamos con muchos materiales diferentes como la madera, el acrílico, resina. Hemos invertido en maquinaria y procesos de fabricación muy específicos que nos permiten ofrecer premios únicos y de alta calidad. Al ser piezas únicas controlamos el proceso de fabricación al 100%.

Combinación de Madera, plancha de hierro serigrafiado y marcaje en láser.

ÍNDICE // INDEX

Copas / Cups	
Copas de Plástico/ Plastic Cups	
Copas de Cerámica / Ceramic Cups	
Copas de cristal / Crystal cups	
Trofeos columnas / Columns Trophies	
Lotes / Lots	63
Cristales para Grabar / Glasses for engraving	67
Hierro / Iron	81
Alegorias / Allegories	85
Participación / Participation	107
Resina / Resin	125
Deportes / Sport	145
Varios / Various	225
Placas Homenaje / Plates tribute	271
Medallas / Medals	289

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–2000) and is projected to increase by a further 1.5 million by 2020 (Office for National Statistics 2001). The number of people aged 65 and over is projected to increase by 2.5 million by 2020 in the USA (U.S. Census Bureau 2000).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The ageing population is a heterogeneous group with a wide range of needs. The needs of the ageing population are not homogeneous and are not static. The needs of the ageing population are dynamic and change over time. The needs of the ageing population are also different from the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.

The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population. The needs of the ageing population are more complex and more varied than the needs of the younger population.
